It will be available from January 1, 2019, and it's best to complete it as early as possible to get the most support you can get. In particular, remember the school and state deadlines, which are earlier than the federal deadline of June 2017. Check out nerdWallet's 5 hacks to save time at the 2016 FAFSA. Here are the following basic steps: Follow this checklist to collect the documents you need to fill out. Sign in to the FAFSA with your federal student financial aid id. You need an FSA id to sign and submit the form electronically, and a parent also needs one if you are an addicted student. Create one here. Follow the instructions to fill in the FAFSA. This guide will help you fill it out according to your family situation. You can save time by importing income data from the IRS as of February 7, 2016. Many families do not pay their 2015 income taxes before the deadline April 18th. But it's a good idea to fill the FAFSA earlier. Use your parents' 2014 tax information to estimate their income, and then go back and update the FAFSA using the IRS Data Retrieval Tool once they've left their taxes. More information here: Filling in the FAFSA. When I was 12, my father died. I have five siblings and we ranged from 7 at the time to 18. The eldest was leaving for college that week, but returned and spent a year at home at my mother's request. Before dad had been dead for a whole month, my mother kind of started dating a kind of homeless guy (he'd been homeless and then lived in a campervan on someone's property as his janitor) my family had helped in the past (we volunteered years before this at a local homeless shelter). Month. Our father had died of heart attack complications just a month earlier. The four of us youngest didn't know what was going on at first, and he didn't tell our older siblings. All we knew was that almost every night mom told us to get in the van, and she was in her pajamas and bathrobe, we'd drive up to her and she'd send us to play in the yard when she said good night and met her. Finally, he came out with a shit-eating grin, loaded us into a van and drove back home. Less than two months after that, she moved into the house and began claiming they were married to everyone. (They weren't.) This was so selfish because we weren't allowed to grieve again after that. We all had to be happy because mom had a new boyfriend, the husband at the time, and we all felt like we couldn't even talk about dad anymore. She was still talking about him, but only to force our good behavior, i.m. Your father wanted you raised like this and I have sacrificed so much for you...! He wasn't even a good stepfather. He could have been worse, but he argues with mom and rushes out of the house and blames us for it. Less than six months after my father died, he and my mother went on a frequency and left me to change the curtain bar. I was still 12 years old and very small for my age, and I couldn't reach the curtain. I tried hard, but I fell off the couch. They came back and saw I hadn't done it, so my stepfather kept telling me, Ha, I knew you were useless. Laughing and repeating it over and over again as if it were fun. I lost my temper and I said, You're just a fat old man! (She was 13 years older than my mother, so she seemed quite elderly to me.) He, in front of my mother, who had laughed at the understatement of his fake attempts, grabbed me, shook me hard and shouted at my face You stupid little b****ch and rushed out of the house. My mother gave me a spanking because I was trying to ruin her marriage. I just wanted my dad back, but I couldn't even say it, because what if it made the stepfather feel bad? The filing of income tax returns is a mandatory duty together with the payment of income tax to the Government of India . When the season ends (last reporting date - August 5, 2014), many new tax holders are scepty about how to go with the procedure, as well as the seemingly complex mechanism behind it. Here are some of the indicators I got through self-learning (all written taking into account the individual's tax procedures, not companies or other organizations). In , it is important to understand that the income tax return is a document that you provide by reporting your total income for the financial year through various sources of income, such as salary, business, house assets, etc. (The fiscal year is your year of income , and the fiscal year is the following year in which the tax matures . For example - fiscal year 2013-14, estimate year 2014-15)It also includes taxable income from this salary and total tax paid through surcharges and education tax. A maximum of 2 lakh rupees (for a private person and not for a pensioner) for this year of assessment and 2.5 for the following (according to the new budget) shall apply to taxable income. You will also receive tax relief on a number of other investments /compensations , such as the HRA , fixed deposits , insurance , pension funds , children 's education , etc . The refund is not a refund .2) the Government of India collects income tax in three different forms:(a) TDS - Withholding tax , TDS is a system in which the employer's company or business is to deduct the employee 's income tax at source and deliver it to Home before the end of the financial year . The tax is regularly deducted from the employee's wages as a percentage of the employer's total tax paid for the financial year in order to overcome the liability. The employer issues a TDS certificate to the employee in form of form 16 or 16A , which the employee uses to apply for TDS during the submission of his report . Form 16 is a certificate issued for tax deducted by main salaries . Form 16A is issued for tax purposes deducted from other sources , such as securities, dividends, butter, etc. If an employee has additional income from other sources , he or she should intimatedly employer it earlier in order to be included in the TDS . The total tax you pay through TDS is also available online on the Traces portal linked to your bank account and PAN No. to your aid. You can also create and validate form 16 of 16A from the website to report online. b) Prepayment and self-assessment tax. Prepayments can also be called Pay when you earn tax. In India, his income must be estimated during the financial year. If your tax liability for the current financial year exceeds Rs 10000, you must pay prepayments ! We have to pay for this in three instalments. 30% by September 15, 2019,60% minus the first instalment by December 15, 2019 and 100% minus the second instalment by March 15, 2020. For persons earning only wages , employers pay prepayments through the TDS and there is little prepayment . But for people who have others they must pay prepayments . If you forget to pay, you are liable to pay interest @ 1% self-assessment tax - When reporting an income report, an income and tax calculation is made, which is completed on the report. The calculation sometimes states that taxes paid either as prepayments or in TDS are not actual taxes. The deficit thus determined is called equity tax, which is paid before the income report is filed. (c) TCS - Collection of withholding tax . Withholding tax (TCS) is the income tax that the Seller collects from the payer on the sale of certain items. The seller must levy tax at certain rates on the payer who purchased these products: Alcoholic liquor for human consumption Tendu leaves timber, obtained under a forest lease Timber obtained otherwise than in connection with forest leases All other forest products that are not timber or which are not timber or which leave scrap minerals as scrap batteries for coal or lignite or iron ore shall not apply to TCS .3) The online procedure for submitting a declaration, paying tax and viewing/producing a TDS certificate . (a) Declaration of income tax return : The procedure is as simple as it receives . You need to go to the got electronic archiving homepage, i.e. and log in to your account . If you don't already have an account , you can create it through the Register Yourself link above. All you need is a PAN number (apparently) . After you sign in, you need to go to the E-file tab and select prepare and submit the online ITR option . Alternatively, you can select download recovery to download through an XML file downloaded from the Downloads tab that you have filled out offline. You must enter your PAN No., select the name 'ITR1' on the ITR form (the ITR1 form is for the employee, income from the household property and other income), select The estimate year and submit . Now all you have to do is fill out the form on the tabs Personal Data, Income Information, Tax Information, Tax Paid Tax and Confirmation and 80G to complete your report and submit it to the Income Tax Department . The Income Information tab requests total revenue from different sources and tax exemptions that you request under the different clauses in Section 80 . It also calculates your income tax liabilities for that fiscal year . On the Tax Information tab, you will be asked for the TAN account number (tax deduction account number) and form 16/16A information provided or created by the employer for the TDS. It also asks for prepayment/self-assessment tax if paid, and Challan No. payment receipt . The Taxes and Confirmations Paid tab asks for your account number and IFS code . If you pay surplus tax as TDS / Prepayment , you will receive that refund with interest from the Income Tax Department within 4 months . After you send the notification, there is a link in your registered email ID. This link contains an ITR-V document (a slip), which you need to download, print, put in your signature and send it to the Bangalore department of the income tax department to complete the declaration. The address is given in the document . Alternatively, you can circumvent the ITR-V process and select digital logon at the beginning of electronic archiving , but the process requires, that you send money and it is renewed every year. b) Tax payment - You can pay the TDS (Not required for the person, it is paid by the employer), prepayment or self-assessment tax through the tax information network portal, i.e. the electronic tax payment system Once you have completed the required form (INCOME TAX ITNS 280), you pay the tax through your bank account and receive a Challan receipt that is used during the file issue. c) View/create a TDS certificate online . To do this, log in to the Traces portal of the tax deduction system, tdsrpc.gov.in you must register before logging in via your PAN No. You can view employer-deducted TDS information through portal 26AS . You can also create a TDS certificate in form 16/16A by entering the TAN No. with your employer. It is the most profitable business in the current situation. Step 8 – Acknowledgment Page Rates must print from the confirmation page and keep it secure some time later. I hope this helps! I know that financial statements are only requested when applying for a corporate loan or personal loan or applying for a mortgage. Each bank or credit union may have its own document requirements, but for each transaction. It's a great question! First of all, I recommend reading a blog post I wrote called How to Get an F-1 Student Visa. To get an F-1 visa, you must follow the following instructions: Apply to a SEVP certified school: when you're accepted, you'll be sent an I-20Pay \$200 SEVIS onlineEnd online Application (Form DS-160)Pay a \$160 visa fee online. In person at a bank or by phone Reservation of visas to the nearest U.S. Embassy or consulateAnd all required documents and attend a visa meetingstep #6 is very important, especially in your case. You have an extra set of documents that you need to receive by physical mail - not email - from your siblings. I specifically addressed this issue in my blog post:If someone other than your parents help fund your studies (e.g. aunts or uncles, friends or your employer), they must also give you 6 months of their bank statements. If they are not U.S. citizens, they must deliver a notary's letter guaranteeing that they will pay your tuition and living expenses. If they are U.S. citizens or have legally lived in the United States, instead of writing the letter, they must fill out, sign, and mail Form I-134 to you (faxed or emailed copies are likely to be rejected). Then you're going to have to bring this with you to your interview. Nolo.com AllLaw.com good advice on how to properly fill out Form I-134. Again, I recommend reading the blog post in its entirety so that you can see each step explained in more detail. I wish you all the best in your studies! A good idea is to get your Singapore visa online. All you have to do is fill out the form and make an online payment. After that, all relevant documents, including your and your wife's passport, confirmed return tickets, signed application form, 2 passport-sized photographs, covering letter and bank statements reflecting transactions over the past 6 months, will be retrieved from your home. You should get your visa to the email address provided within the next 5 working days. To check more information, visit the Musafir Portal, Singapore Visa page.... Information....
