Who is Mimi in the title of Mariah Carey's album? Mariah Carey says Mimi is a nickname for herself. She says it's a name only her closest friends and family knew before making the album. The music was designed to reveal the more intimate side of the artist. The theme of emancipation was freedom from personal and artistic difficulties in the year immediately preceding Mimi's emancipation. Consequently, most of the music is more focused on dance and festive in style. Mariah Carey's career hit a low in 2001 with the commercial failure of her film *Glitter* and the accompanying soundtrack. The star ended up in hospital due to emotional and physical breakdown. After *Glitter* failed, Virgin Records bought Mariah Carey's \$100 million contract, paying her \$50 million to pull out of the agreement. After leaving the hospital, Mariah Carey flew to Capri, Italy, to begin work on a new album. She stayed there for five months and the result was music for her album *Charmbracelet*, an improvement on *Glitter* but still a commercial disappointment. By the end of 2004, Mariah Carey had admitted that she was working on her next studio album. She has worked with such contemporary talents as The Neptunes production team, including Pharrell Williams, rapper Nelly and Jermaine Dupree. Among the producers was a young Kanye West, who had just electrified the music industry with his debut album *The College Dropout*. Island Records EXECUTIVE Director L.A. Reid worked closely with the project. Mariah Carey recorded most of *The Emancipation of Mimi* in the studio with the band, which gave the project a more direct sound. Where *Charmbracelet* seemed focused on restoring the approval of the adult modern audience, there was less restraint on Mimi's emancipation. The new music draws inspiration from both modern RCB and hip-hop. The album closes with the gospel under the influence of Fly Like a Bird. *The Emancipation Of Mimi* is one of Mariah Carey's most musically diverse albums. *It's Like That*, the first single from *The Emancipation of Mimi*, was released in January 2005. This helped spark interest in the upcoming album and rose to #16 on the Billboard Hot 100, Mariah Carey's highest single since 2001's *Loverboy*. He was replaced by *We Belong Together*, released in late March, which was one of the biggest hits of Mariah Carey's career, eventually spending 14 weeks in #1. At the time, it was the second longest band on #1 for any song behind Mariah Carey's own *One Sweet Day* with *Boyz II Men*. The album *The Emancipation of Mimi* was released two weeks later. It debuted on the #1 album chart, selling more than 400,000 copies in its first week. At the time, it was the biggest first week of selling any album in Mariah Carey's career. With sales of about five million, it became the best-selling album of the year in 2005. Release spent 31 consecutive weeks top 20 on the album chart. Two more singles from the album became the main hits. *Shake It Off* climbed to #2 the Billboard Hot 100, reaching that position, while *We Belong Together* was still at the top. In honor of the deluxe reissue of the album, the single *Don't Forget About Us* was released, which reached #1. Mariah Carey performed *Shake It Off* live at the 2005 MTV Video Music Awards. She opened the 2005 American Music Awards singing *Don't Forget About Us*, and she sang *We Belong To Each Other* at the Grammy Awards in early 2006. Within two years, Mariah Carey received 10 Grammy nominations for *Mimi Liberation*. In 2006, the album's original release earned eight nods, including album of the year, record of the year, and song of the year. Mariah Carey won awards for Best Female Vocal Song for RCB and Best Song for *We Belong to Each Other*. The album *The Emancipation of Mimi* won in the film Best Contemporary Album of RBC. In 2007, *Don't Forget About Us* received nominations for Best Female Vocal Song by RBC and Best Song by RBC. Sixteen months after Mimi's emancipation was first released, Mariah Carey went on to use Mimi's name, naming her first headliner of the tour in three years of Mimi's *Adventures: The Voice, Hits, Tour*. Between July and October 2006, it included forty concerts with stops in the United States, Canada, Japan and Africa. Mariah Carey followed *The Emancipation of Mimi* with her eleventh studio album *E=MC²*, released in the spring of 2008. It included the single *Touch My Body*, which reached #1 and became Mariah Carey's 18th hit #1 on the Billboard Hot 100 pushing her past Elvis Presley to top all time among solo artists. Independent, reliable guide to online education for more than 22 years! Copyright ©2020 GetEducated.com; Approved College, LLC All Rights Reserved Human Golden Butterfly Mariah Carey may be the newest person in her life, and that person is none other than Brett Ratner, the director behind films such as *Horrible Bosses* and *Rush Hour*, as well as some of her music videos, including *Obsessed* and *Touch My Body*. TIME reports that they were spotted canoodling (the real word) on a yacht in St. Barts earlier this weekend, and then Mimi spent the rest of the evening celebrating Ratner's birthday. Here's his picture - what do you think? Good enough for our girl? Getty Images We haven't seen Mariah Carey with anyone since her split with Nick Cannon so Brett, if you listen (and you better be!), you better be good that ANGEL ON EARTH or I'm going after you with a toilet piston. Carey my attention for nearly three decades I spent writing about financial technology helps my readers go through flashy advertising and dig into the nitty-gritty that's on offer. Getty Images It's a sign the diva will always arrive fashionably late and make a dramatic entrance, but diva of all diva Mariah Carey won't enjoy such lax planning with her New Year's eve plans this year. Mariah is set to headline Dick Clark's New Year's Eve with Ryan Seacrest tonight, and producers are going above and beyond to ensure the singer arrives in time to perform before the ball drops. That means booking her hotel room nearby Times Square and hiring a special team dedicated to getting her there on time, Page Six reports. This content is imported from Giphy. You can find the same content in a different format, or you may be able to find more information on your website. Mariah should be on time. She is the best performer in Times Square right before the ball drops, an insider for the NYE show told Page Six. They booked her an apartment in the upper Times Square hotel for hair and makeup because they fear she would never make it out of her Manhattan apartment in time. There's a team of leading producers tasked with getting her there on time and shepherding her on. While the new year's timing may seem obvious most, apparently Mariah and her team did not know. The source added: 'When Dick Clark's producers called to record the timing of her arrival, Mariah's team asked for clarification: What exactly does the ball fall at?
